Subject: Letter of Recommendation for Bud Ryerson

To Whom It May Concern:

Bud Ryerson worked with me as a video editor on various projects for the last 15 years. **3 Street** is a film and video production company and have a wide range of clients. Bud's responsibilities included working with the writer on scripts, reviewing the shot material with the director and editing the final programs. During the course of his work on a multitude of projects, Bud performed all tasks above and beyond his duties. There were many demands put on his time and skills and I never found him to lack the energy, proficiency or creativity to complete a task. I valued his abilities and performance.

Bud's talents were impressive and he fit in well with all his co-workers. Bud's work was thorough and done with good humor. Please feel free to contact me directly if you have any additional questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles Rudnick', written over a horizontal line.

Charles Rudnick
President
